

To become a registered Preferred Service Provider with Osborne Business Advisors, you need to pay a nominal enrolment fee. This fee includes:

- An Osborne Business Advisors email address and subscription to a cloud computing service. This internal network will include a library of readily available resources and marketing materials at your disposal. It will also allow you to connect and collaborate with fellow Osborne Preferred Service Providers.
- Professionally designed and printed Osborne Business Advisors business cards. These double-sided, full-colour cards will include your OBA contact information, along with a unique QR code that will take users to a one page profile that promotes your service/product offering. An initial quantity of 250 cards will be issued; additional cards will be provided for an at-cost charge.
- A variety of marketing materials that can be used to promote your particular product/service offering and Osborne Business Advisors. These will be produced in electronic format which can then be printed on any home office computer. The exception will be a company brochure which will be professionally printed and quantities supplied to each Preferred Service Provider.
- Creation of an Osborne Business Advisors-branded one page profile which will solely promote your unique product/service offering and can include a link to your own company's website. The profile will be produced electronically with the option to print on any home office computer.
- Formatting (including proofing and editing) of your full résumé into an Osborne Business Advisors template. This resume will be housed in both the Osborne Business Advisors and Osborne Interim Management libraries, thereby increasing your exposure and potential opportunities for new business.
- Access to Osborne Management and management participation with generating new business for Osborne Business Advisors.
- Financial administration for any contract undertaken through Osborne Business Advisors.
- Errors and omissions (E&O) and general liability (GL) coverage for any contract you undertake through Osborne Business Advisors.
- A background check using the services of [BackCheck™](#), an established and trusted provider of pre-employment screening. More information about our screening process with BackCheck™ can be found in the Pre-Screening Process document.
